April 25th-Ventura Film Society screens award winning documentary *First Position*

ADVANCE TICKETS ONLYEvery year thousands of aspiring dancers enter one of the world's most prestigious ballet competitions, the Youth America Grand Prix, where lifelong dreams are at stake. Bess Kargman's award-winning documentary follows six talented young dancers from five continents, ages 9-19, as they prepare for a chance to enter the world of professional ballet. Being selected could transform their lives. Not making it could have an equally powerful effect on their development as artists and as people. Members of the Ventura Ballet Company, along with dancers from VCB's official school, Ballet Academy Ventura, will present a live performance prepared especially for this event. TICKETS: Adults \$10, Seniors \$7, Students \$5, ADVANCE TICKETS only for this screening, AVAILABLE THROUGH: The Ventura
